

Behnam AZVINE, *et al.*  
Serial No. 10/568,183  
January 19, 2010

**REMARKS/ARGUMENTS**

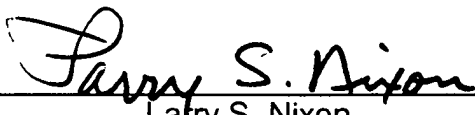

Further consideration of this application is respectfully requested.

In response to the Examiner's finding of three different patentably distinct inventions (i.e., no one of which is made "obvious" in view of any other or combination of others under 35 U.S.C. §103), applicants hereby elect for further substantive examination in the present application the patentably distinct invention Group I comprising claims 1-22.

By the above amendment, all other claims are made dependent (either directly or indirectly) from elected apparatus claim 1 or method claim 12. Accordingly, after entry of the above amendment, all now pending claims are believed to be properly allowable in this present single application.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
